ADMISSION IN PROGRESS

About Us

The AIT Smart School Academy is a Basic and 2nd-Cycle institution of the Accra Institute of Technology (AIT) - a leading private technological University which has been awarded the Best Technology University in Ghana and ranked the Best Private University in Ghana by the Ghana Tertiary Awards for four consecutive years.

At the AIT Smart School Academy, we use 21st Century modern teaching and learning methods and advanced educational technologies to support teaching and learning and facilitate an enriched educational experience and outcomes for our pupils.

Why We Stand Out

At AIT Smart School Academy:

- We use advanced educational development and delivery multimedia technologies to support teaching and learning.
- We focus on enriched critical thinking, collaborative and interactive learning experience rather than rote learning.
- We adopt the modern and best teaching and learning methods and approaches.
- We provide ultra modern teaching and learning facilities for our students.

Teaching and Learning Life at AIT Smart School Academy

- Our students have access to various computers and other educational and learning equipment and gadgets to support their learning.
- Our students are provided with e-learning resources to reduce dependency on physical textbooks and notebooks.
- Our teachers and students gain access to additional relevant learning resources hosted by our International Partner Institutions on the Internet.
- Our students enjoy a very friendly learning environment distinct with spacious and modern classrooms, interactive learning, and recreational activities.
